

## DER & Inverter-Based Resources Subcommittee Monthly Progress Report

July 26, 2021

### 1. Solar-Battery Hybrid Resources

- <https://www.pjm.com/committees-and-groups/issue-tracking/issue-tracking-details.aspx?Issue=%7b3423B18C-59C2-49DD-84C5-AF42B1BA0256%7d>

#### Issue Status

Complete

#### Target Completion

June 28, 2021

#### Progress Update

- PJM staff reviewed package A in the solution matrix which is the PJM staff proposal.
- PJM staff reviewed a presentation which covered all clarifications and updates to the PJM staff proposal since it was previously reviewed at the May DIRS.
- Jim Davis from Dominion reviewed an additional solution option, package C in the solutions matrix.

#### Action Requested (if necessary)

- Stakeholders have reviewed packages and finalized proposals. Stakeholders had no objections to taking the proposals to July's MIC for first read (and July's OC for informational purposes only).

### 2. FERC Order 2222 / DER Aggregation

#### Issue Status

Draft compliance proposal issued / Ongoing stakeholder discussions

#### Target Completion

Compliance filing due February 1, 2022

#### Progress Update

- PJM staff provided an update on DERA use case development and use of the compliance matrix for tracking stakeholder alternatives.
- Jeff Dennis and Prusha Hasan from Advanced Energy Economy provided feedback on the PJM straw proposal.

**Action Requested (if necessary)**

- Stakeholder feedback/presentation on Order 2222. If your organization would like to provide input on the Order or any of the material PJM staff has presented to date, the stakeholder process for developing the compliance filing, and/or recommendations specific to the various directives within the Order, please contact the DIRS facilitation team.
