January 13 Production Release

- For increased visibility, the results graph displayed at committee meetings will be enhanced in the following ways:
  - Larger Fonts
  - Pie Chart
  - Color Vision Deficiency color scheme
- Voters will have the ability to skip casting a vote on Items for which they do not wish to vote.
  - Example: I am a designate for Company A and on the roster for Company B. There may be three votes taken at this meeting…vote on agenda item 1, vote on agenda item 2, and vote on agenda item 3. Company A would like me to vote on agenda item 2 on their behalf. I can skip inputting a vote for Company A for agenda item's 1 and 3 and still input my vote for Company B.
