

Reactive Power Compensation Task Force Monthly Progress Report

06/06/2022

Reactive Rate Process

<https://cera.pjm.com/otcs/cs.exe/Overview/225193061>

Target Completion

The expected completion date of this task force is September, 2022

Progress Update

July 8 meeting:

- Stakeholders presentations included:
 - IMM presented their proposed package.
 - IMM committed to address information at next meeting on impacts to capacity clearing prices.
 - CEC presented updates to their package.
 - CEC committed to address at next meeting wind proxy for onshore vs. offshore.
- In answer to the action items from the June 6th meeting, PJM presented an overview on non-performing vs. voltage schedule

Action requested (if necessary)

Stakeholders asked to review the Options Matrix in advance of the July meeting. Participants should come prepared to discuss the pros and cons of each option.
