

Distributed Resources Subcommittee (DISRS) Update

Ilyana Dropkin, Sr. Engineer
Performance Compliance
Market Implementation Committee
October 9, 2024

- On July 25, 2024, in Docket No. ER22-962-005, FERC issued an Order on PJM's September 1, 2023 Order No. 2222 compliance filing related to the participation of the DER aggregations in PJM markets.
 - FERC approved the majority of PJM's substantive design proposals.
 - PJM's proposed approach, including Tariff language, was presented at the [August 16, 2023 DISRS](#).
 - FERC requested a further compliance filing on several issues that are being discussed at DISRS.
 - Component DER located at NEM sites
 - Information and data requirements
 - Meter data submission deadline
 - EDC Review Process
 - Operational coordination on overrides
 - Financial obligations resulting from overrides
 - Ongoing operational coordination

- Demand Response and Energy Efficiency Updates
 - DR/EE related updates
- Economic Demand Response Automate Bid Duration
 - DISRS reached consensus on one solution package
 - The proposed solution package was endorsed at MIC, MRC and MC
- Hybrid Resources Enhancements (Hybrids Phase 3)
 - DISRS reached consensus on one solution package
 - The proposed solution package is going through MIC approval
- Wind and Solar Resource Dispatch in Real-time Market Clearing Engines
 - CBIR Process: Education and Interests Identification
