

Bi-Weekly Fuel Inventory Update

Generation Department
Updated on March 13, 2023

Coal

Oil

Data is being posted as a spreadsheet to the PJM OC website along with these slides

<https://www.pjm.com/committees-and-groups/committees/oc>

* Reduced Data Request response rate. Accuracy of reported fuel inventory levels may be reduced.

GWh of Fuel Inventory: Calculated based on data provided to PJM through the current Weekly Fuel Inventory and Supply Data Request

X-Axis: The x-axis shows the week in which the data was collected. Weekly data requests run from Monday 00:00 through the following Sunday at 23:59.

Color: Color denotes year in which data was collected, chart begins in October to reflect when PJM started issuing Fuel Inventory and Supply Data Requests
