

NEW SERVICE REQUEST REVIEW PERIOD

Issue Source

PJM Interconnection Projects Department

Issue Content

As a result of the systemic increase in queue volume, particularly at the end of a Queue window, consider enhancements to the date by which Generation Interconnection Requests must be submitted, and to the five Business Day period for PJM to undertake a deficiency review of a New Service Request, or review the information provided by an Interconnection Customer in response to the initial deficiency notice.

Key Work Activities and Scope

1. Provide an overview of the process.
2. Review proposed solution.

Expected Deliverables

1. Rule changes to the date by which Generation Interconnection Requests must be submitted, and to the current five Business Day period for PJM to undertake a deficiency review of a New Service Request, or review the information provided by an Interconnection Customer in response to the initial deficiency notice.
