

Generator Deliverability Test Modifications Update

Jonathan Kern
Principal Engineer, Transmission Planning
Planning Committee
June 7, 2022

- PJM provided recommended transition plans at the April 28 and May 19 special PC sessions “CIR for ELCC Resources” as part of Package D
 - Start running new generator deliverability test as part of the 2023 RTEP and use the 2023 RTEP to perform Interconnection Studies for Transition Cycle 2 (AG2/AH1 queue)
- A final special PC session has been scheduled on June 24 prior to bringing to a first read in July
