

Manual 14F – Revision 10

Summary of Changes

Brian Lynn
S.L. Engineer, Transmission
Coordination & Analysis
Planning Committee
August 6, 2024

- Reviewed as a part of the LTRTP revision packages
- Those changes have not been fully endorsed
- Decision made to go back to the currently endorsed version, Revision 9, and perform a periodic review
- No specific LTRTP changes were copied over into this version

- Reorganized content in Section 6.5
- Removed an out-of-date reference to the Appendix of M14B in Section 8.2.1.4
- Removed an out-of-date reference to an Appendix in Section 8.2.5
- Reference to video in Attachment A changed to a generic "Instructions" to include the posted Word document
- Updated Attachment A to reflect how PJM windows are currently closed
