Data Requests:

- [PRC-002 Disturbance Monitoring and Reporting Requirements:](#)
R5 – 2024
- PJM has completed the identification of BES Elements and is providing them in Attachment B of PJM Manual 03B. (Note: CEII access is required to view this manual)
- The TO or GO required to comply with the standard is identified under the Responsible NERC Entity Name column.
- PJM would like to request all TOs & GOs to review the list and if any errors or omissions are identified, please notify PJM immediately so that we can follow up with the needed updates/corrections.
 - Contact information with any questions: [Stan Sliwa](#)

PJM provides this standing update to the Reliability & Standards Compliance Subcommittee to provide guidance to Registered Entities regarding PJM-related data requests applicable to certain NERC Reliability Standards, and to provide a forum through which such Registered Entities can ask questions of PJM staff. This standing update is not intended to serve as complete or definitive guidance regarding how to comply with a PJM-related data request, how to otherwise comply with specific NERC Reliability Standards, or how to otherwise carry out the obligations of Registered Entities.
