

MEETING MINUTES

PJM Interconnection
Capacity Senior Task Force (CSTF)
PJM Conference and Training Center
February 28, 2014; 9:30 – 1:00
(Meeting #50)

1. Administration (9:30 – 9:45)

- Mr. Baker called the meeting to order.
- Ms. Fabiano called roll and noted that the draft minutes from the February 21, 2014 (meeting #49) were delayed, and will be posted for review for the March 14 CSTF meeting.
- Mr. Baker reviewed the agenda, noting two additions to the agenda, and announced that the CSTF will be moving to a 1x per month meeting schedule (dates TBD), and that an updated CSTF Work Plan will be reviewed at the next CSTF meeting.

Added Agenda Item 1: Replacement Capacity (9:45 – 9:55) ([Issue Tracking](#))

- Mr. Baker provided a brief commentary on the vote process at the February 27 MRC meeting, and the subsequent removal of the vote from the MC meeting agenda.
- Mr. Bresler presented an update on the Replacement Capacity issue noting that following the unsuccessful votes at the 2.27.14 MRC meeting, the PJM Board met to discuss the issue. The Board's conclusion is to make a 205 filing consisting of Package 2 (Main Motion), with the PJM amendment related to applying the IA Settlement Adjustment to all RPM replacement transactions, and also under consideration is stakeholder feedback on credit and collateral requirements and timing, as well as physicality concerns.

Added Agenda Item 2: CONE Triennial Review Process (9:55 – 10:00) ([Issue Tracking](#))

- Mr. Baker presented a question to the group regarding the potential to vote on the CONE Review Timing Tier 1 proposal in succession at the March 27, MRC and MC meeting. He also noted that the tariff language for this item was posted to the February 27 MRC meeting materials. No opposition was voiced during the meeting to this approach and so Mr. Baker said he would discuss with the MRC and MC Chairs. Any comments on the matter should be directed to Mr. Baker (scott.baker@pjm.com).

2. MOPR Unit Specific Review (10:00 – 11:55) ([Issue Tracking](#))

- Mr. Baker revisited the status of the CSTF work on this issue.
- The group reviewed and discussed the solution options previously developed.

Break (10:35 – 11:10)

- Mr. Shanker, PSEG presented a whitepaper, and noted that a formal package is forthcoming.
- Stakeholders are asked to submit any additional packages to Mr. Baker or Ms. Fabiano in advance of the next CSTF meeting.

3. **Wrap-up and Future Agenda Items (11:55 – 12:00)**

- Mr. Baker indicated that time will be added to the March 14 CSTF agenda to provide an update on the Replacement Capacity filing status.
