RE: Deactivation of Indian River CT 10

Dear Mr. Bryson:

On behalf of Indian River Power LLC ("IRPL") and pursuant to Part V, Section 113 of the PJM Open Access Transmission Tariff ("OATT"), please accept this Deactivation Notification of the Indian River CT 10 (16.1 MW) facility. IRPL respectfully requests an effective Deactivation Date for the purpose of retirement of June 1, 2026. IRPL is deactivating this unit due to expected uneconomic operations. In the event PJM determines that this unit is needed for reliability purposes, IRPL will provide estimates of the costs and timing of additional expenditures to maintain the facility.

Sincerely,

A handwritten signature in black ink that reads "Bradley Kranz". The signature is fluid and cursive, with the first name being more prominent.

Bradley Kranz  
Vice President  
Indian River Power LLC

Cc: Joseph Bowring, Independent Market Monitor for PJM
